

To: AOG Board of Directors

From: Class Advisory Senate

The attached paper, *Moving Forward 2009-2011* is a follow up to our original *Moving Forward*, 2/1/08. It is a consensus of members' views, as expressed through their class representative, of the challenges facing the Board over the next two years and their recommendations for addressing those challenges. As such it is what the members see as the agenda for the Board over the next two years.

Moving Forward 2009-2011 is not a take-it-or-leave-it document. Rather, it is the members' input to the Board for its consideration as the Board develops its own agenda for the next two years. It is the view of the Senate that the Board, as a first priority, develop and communicate to the members its agenda for the next two years and how it intends to address the challenges identified in *Moving Forward 2009-2011*.

Respectfully Submitted,

Dick Sexton, '60
President
Class Advisory Senate
